

## Traxxon TR-EX 2000 Specifications

### Drifter

Make.....	Traxxon
Model.....	TX590SR
Percussion.....	15.5kw / 21hp
Weight.....	180kg / 396lbs
Hole Range.....	51mm—89mm / 2" - 3.5"
Hole Depth.....	25m / 72' max.

### Attachment & Feed Assembly

Feed Beam.....	Hi tensile formed steel
Drill Guides.....	Adjustable & replaceable nylon
Drill Travel.....	Hydraulic chain feed
Feed Extension.....	5' Travel by hydraulic cylinder
Steel Length.....	4.9m / 16' maximum length
Centralizer.....	Hydraulic with replaceable hardened bushings
Feed Swing.....	90 degree cylinder swing
Feed Dump.....	180° - Excavator bucket cylinder
Mounting.....	Quick attach bucket mount on boom stick
Storage.....	Built in stand and single balanced lifting point
Weight.....	2,400kg / 5,000lbs* without options or lugging

### Controls & Hydraulics

Control System.....	Electronic, metering & adjustable
Control Mounting.....	Compact cab mounted & adjustable
Hydraulic Valves.....	Bosch Rexroth hydraulic & fully proportional
Valve Mounting.....	Protective steel housing on attachment
Hydraulic Supply.....	Excavator's hydraulics
Hydraulic Power.....	160lpm @ 180bar / 42gpm @ 2,650psi
Electric Power.....	24 Volt system
Connection.....	Single 24 wire cable & Amphenol connectors
Angle Indication.....	PQ indicator & control mounted display

## Specifications – continued from page 1:

### Air Compressor

Compressor Type.....	Self-contained, hydraulic driven
Air End Model.....	Rotorcomp EVO 9
Air End Type.....	Fully encapsulated screw compressor
Air Volume.....	300CFM Max. Operating
Air Pressure.....	110PSIG Max. Operating
Cooling.....	Oil cooler with hydraulic driven fan
Cooling Control.....	Thermostatic
Drive.....	Hydraulic motor with gear coupling
Hydraulic Supply.....	Excavator's hydraulics
Hydraulic Power.....	110 - 160lpm @ 180 bar / 29 - 42gpm @ 2,650psi
Body.....	Skid mounted, steel housing & access hatches

### Options

Dust Collection.....	QMP 125 dust collector with swing away mount.
Steel Changer.....	Single steel automatic for 4.3m / 14' rods
Drifter.....	Optional drills available, call for details

### Installation and Custom Design

Installation is available by our certified technicians at Traxxon's plant or your location.

If you have a special requirement or unique application ask us about custom-built rock drill attachments. Traxxon Rock Drills has the expertise to design and manufacture custom equipment to meet your specialized needs.

### Fine Print

Traxxon Rock Drills Ltd. has made every effort possible to ensure the equipment and specifications shown in this brochure are accurate based on the information at the time of printing. In some cases changes may be required due to availability of components, design changes and product improvements. Traxxon Rock Drills Ltd. reserves the right to make these changes without notice or obligation.
